Subject: New comments for application NY/2025/0030/ENV
Date: 07 March 2025 18:23:46

New comments have been received for application NY/2025/0030/ENV from Mr David Knowles.

Comments:

With EVs, heat pumps and all electric houses being built the power has to come from somewhere. Windmills are ugly, expensive, unreliable and kill birds. Solar panels should be on buildings and not in fields
