Application reference NY/2025/0030/ENV

Mr. David Lee.
1, Hawthorne Close,
Burniston,
Scarborough.
YO130JJ.

I feel that I must object to the application, on the grounds that I believe this development will have a significant effect on our well-being and quality of life.

My main concerns are. Sound pollution, light pollution, increase heavy Goods vehicle movements and what impact the application will have on the environment. Also the visual effect of the construction, this will be a blot on the landscape.

Living in very close proximity to the development this will have a major impact on our quality of life.

Once again this is a massive objection to this development.

Please take these concerns into consideration when making your decision.
