Application #NY/2025/0030/ENV Case Officer Amy Taylor

Dear Amy,
I'm lodging my Objection to this application.

My name is Colin Davison, of 33 coastal road, burniston, YO13 0HR.

I strongly object for many reasons, such as pollution, road safety, climate change, and earth tremors. I worry about the drilling, the dust, the toxic fumes from the gas flaring, the risk to our water supply. The noise, and traffic from all the extra HGVs going past my front door! We are ment are ment to be moving to renewable energy, this is a step backwards! They will be devastating the country side, its too close to our homes, the village, the national park, and the weak cliffs. Please do not let this pass.

Yours sincerely
Colin Davison
