Application NY/2025/0030/ENV

Mrs Lorraine Gay  
7 Dale Avenue  
Burniston  
Scarborough  
YO13 0EQ

I Lorraine Gay of above address am putting in an objection to the proposed drilling for gas in Burniston.

Reasons:-

Road safety, too many HGV's on our already narrow roads.

Pollution, deafening drilling, dust, light pollution 24/7.

Gas flaring toxic fumes and horrid smells.

Water supply could be at risk.

Adverse impact on mental health.

Precious farmland destroyed.

Drill site very close to homes and rural village.

Earth tremors caused by drilling over coastal geological faults.

Climate change is at a critical point.

Burning gas = more CO2 and methane.

UK is moving to renewable, clean energy - don't need more gas pollution.

Tourism.

Our town depends on tourism.

Devastating our beautiful countryside, heritage coastline and Cleveland way.

Only 1km from national park and close to weak cliffs.

Damage to wildlife, bird life and site of special specific interest.

Probable decline in visitor numbers affecting businesses.

LOCAL OPINION SHOULD MATTER

Regards

Lorraine Gay
