**Date:** 13 March 2025 17:59:53

---

Dear Sir/Madam,

I wish to object to the above application on the following grounds:

We are now facing a critical point in Climate Change so no more global warming can be allowed;

No more sources of fossil fuel can be allowed;

Leaked natural gas (methane) is five times more dangerous for global warming;

All our efforts need to go to increase renewable clean energy not natural gas.

Regards

Michael E. Chaloner

Parish Councillor for Aiskew and Leeming Bar, North Yorkshire
