Subject: New comments for application NY/2025/0030/ENV

New comments have been received for application NY/2025/0030/ENV from Mr Matt Bickerton.

Comments:

I vehemently support these plans as they will be nothing but a net negative to the North Yorkshire coast, causing years of pollution and the decimation of wildlife. The local school is also less than a mile from the proposed site.

A complete disregard for the residents of Scarborough, all to further line the pockets of a greedy oil company.
