Subject: New comments for application NY/2025/0030/ENV

New comments have been received for application NY/2025/0030/ENV from Miss Anita Bosomworth.

Comments:

I am concerned about the negative impact the development will have on the following areas: climate, risk of earth tremors, wildlife, tourism, increase in traffic and road safety. The proposed site is very close to residential area and how will this affect those living close by?
