Subject: New comments for application NY/2025/0030/ENV

New comments have been received for application NY/2025/0030/ENV from Miss Laura Popely.

Comments:

I'm horrified that this is even being considered in the middle of a climate crisis. It should absolutely not go ahead. The increased number of lorries on the roads driving through the small villages of Burniston and Cloughton worries me a lot. My two small children will be starting school in Burniston soon. I don't want this for their future. Putting profit before planet is unacceptable.
