Application NY/2025/0030/ENV

I want to object to the plans to drill for gas in Burniston. I object to the pollution with toxic fumes and risks to the water supply. I also understand that the drill sites are close to homes and will destroy farmland. The number of HGVs on our busy, narrow roads is very worrying and will impact on residents not only in Burniston itself. I thought the UK was moving to renewable, clean energy so this development is a backward, unwanted step. Finally our beautiful area will be at risk of earth tremors caused by drilling over coastal geological faults.

Regards,

Mrs Helen Atherton  
7 Lancaster Way. Scalby
