Subject: New comments for application NY/2025/0030/ENV
Date: 15 March 2025 10:40:09

New comments have been received for application NY/2025/0030/ENV from Mr Benjamin White.

Comments:

I object due to a number of risks associated with this proposal: pollution, road safety, climate change, risk of earth tremors, damage to tourism, damage to countryside, no national benefit as gas won't remain in the UK.
