Subject: New comments for application NY/2025/0030/ENV
Date: 15 March 2025 12:25:28

New comments have been received for application NY/2025/0030/ENV from Dr George Wardell.

Comments:

Our community does not need, nor want, to be ravaged for the greedy harvesting of non-renewable energy sources. The retrieval of such resources will scar our beautiful environment and destabilise its ecosystem. This is not in the interest of the local population nor that of any of the wildlife.
