**Subject:** New comments for application NY/2025/0030/ENV  
**Date:** 15 March 2025 15:56:46

---

New comments have been received for application NY/2025/0030/ENV from Mr Peter Walser .

Comments:

I object to the use of 'proppant squeeze' which evades the fracking ban. The UK is supposed to be moving to renewable, clean energy and this proposal flies in the face of this policy in a cynical way. We don't need more gas production or pollution.
