Subject: New comments for application NY/2025/0030/ENV
Date: 15 March 2025 16:04:05

New comments have been received for application NY/2025/0030/ENV from Miss Michelle Wood.

Comments:

I object to the drilling for gas in Burniston. It will have significant impact on the environment and wildlife. Our villages are already impacted with heavy traffic and pollution. We need to move to clean and safe renewable production.
