New comments have been received for application NY/2025/0030/ENV from Mrs Jackie Daly.

Comments:

I strongly object to 'proppant squeeze' drilling in Burniston, a cynical exploitation of legal loopholes to evade the UK fracking ban.

The pollution and devastating impact on the communities surrounding the site will last for years and severely affect our people, our water supply, our beautiful coastline, our community, and our planet.

Please say no to Europa.
