Dear Sirs, I would like to strongly object to this planning application.

We are currently in a climate crisis, and need to rapidly phase out fossil fuels. This proposed development of a new gas field in North Yorkshire by Europa Oil and Gas Limited will inevitably pump more carbon emissions into the atmosphere - the very thing all responsible people should be trying their best to reduce. It will also have a huge environmental impact on the local community.

Please do not allow this to go ahead. Thank you.
