Subject: New comments for application NY/2025/0030/ENV
Date: 19 March 2025 15:55:36

New comments have been received for application NY/2025/0030/ENV from Mr Bernard Hartley.

Comments:

I strongly object to the above planning application, drilling for gas in Burniston by Europa oil and gas. This is due to the following reasons, an increase in pollution, road safety, the excessive amount of HGV's on our local roads traveling to and from the site, the devastating affect on our wildlife and local tourism. There is also a strong risk of earth tremors, as the site is close the the cliff tops.
