Subject: OBJECTION to planning application reference NY/2025/0030/ENV
Date: 20 March 2025 20:48:25

I am writing to object to the planning application for fracking submitted by Europa.

There are many reasons why this project should not be approved, including threats to wildlife, air pollution, noise pollution and damaging the natural coastline. Of utmost importance, however, is the impact of the gas itself. 2024 was the hottest year on record, and the IPCC have made clear that new oil and gas is incompatible with the planet remaining at a safe temperature.

I do not live locally, but decisions such as these affect every single person on the planet. Please protect the most vulnerable of us and do not approve this application.

Yours
