Subject: Objection to fracking in Burniston
Date: 22 March 2025 08:40:49

#NY/2025/0030/ENV

For the attention of Amy Taylor

I would like to take this opportunity to tell you of my objections to the proposed fracking in Burniston.

As a resident of Cloughton Burniston & Scalby since a young age I strongly oppose this proposal.

I do not think it will be of any benefit to our lives, countryside local birdlife and wildlife.

Quite the opposite it would destroy it.

Together with my friends and neighbours I will be joining them to protest and hope we can bring about a change of heart & help reverse this proposal from Europa Oil & Gas.

We want our voices heard & our land protected against them destroying our villages.

Yours sincerely

Jane Whipp
