Subject: New comments for application NY/2025/0030/ENV
Date: 22 March 2025 10:44:53

New comments have been received for application NY/2025/0030/ENV from Mrs Sharon Burnley.

Comments:

I object to this application on the grounds of its significant environmental and economic side effects. The local community, visitors and wildlife will all suffer negative impact. In addition we should not be promoting fossil fuel use for the sake of the planet .
