Subject: Drilling for gas in Burniston
Date: 22 March 2025 12:47:29

I wish to object to the proposed drilling for gas in Burniston.

Fracking will have a detrimental effect on the land, the environment, wild life and people in that area.

I am most concerned about the use of enormous amounts of water that will be used to obtain gas which will ultimately be sold abroad

Please don't let big businesses spoil the area which we live in by allowing fracking to go ahead.
