Subject: New comments for application NY/2025/0030/ENV

New comments have been received for application NY/2025/0030/ENV from Mrs Margaret Armitage-Beattie.

Comments:

I strongly object to this proposal because :

How close to houses and the heritage coast Drilling noise, light and chemical pollution, number of HGVs passing through the villages of Scalby, Burniston and Cloughton and also Scarborough.

Precious farmland destroyed. Damage to wildlife and bird life.

Potential risk of earth tremors and to water supply.

Uk to move to renewable's don't want or need more gas production
