Subject: New comments for application NY/2025/0030/ENV

New comments have been received for application NY/2025/0030/ENV from Mrs Jane Cooper .

Comments:

I object to the proposed plans by Europa Oil and Gas to drill for gas in Burniston for several reasons. These include climate change, pollution, road safety and industrial development. As fracking has been banned, cannot understand why a process so similar has the potential to be allowed.
