Subject: New comments for application NY/2025/0030/ENV

New comments have been received for application NY/2025/0030/ENV from Ms Emma Jefkins.

Comments:

I object to Europa Oil and Gas planning application because the UK should be concentrating efforts on transitioning to clean, green, renewable energy. The climate crisis is already here, communities around the world are already experiencing extreme weather events and more oil and gas will not make our bills cheaper!!!
