Subject: New comments for application NY/2025/0030/ENV
Date: 27 March 2025 13:13:22

New comments have been received for application NY/2025/0030/ENV from MRS LAUREN JACKSON.

Comments:

I wish to object to the above application. I am concerned with the large amount of traffic in the area which I do not believe is in line with the government's green credentials. As a town which relies heavily on the tourism trade, and as a hospitality owner locally myself, I am deeply concerned as to the impact upon our local area which is an area of many natural beauty spots and dark skies. We do not want such an eyesore on our landscape nor do we want hoards of site HGV's impacting our already busy roads. I also have deep concerns regarding the environmental impact both on land and underground.
