**Date:** 28 March 2025 00:44:25

---

New comments have been received for application NY/2025/0030/ENV from Dr Charlotte Adams.

Comments:

This will impact on the lives of the children growing up in Burniston with the increased traffic, noise and pollution. It is also not in line with overall environmental goals, both locally and nationally, and will not reduce my energy bills. This is despite paying the price in other ways as a local resident. I'd be very surprised if you agreed to this as it is totally out of keeping with North Yorkshire ethos and values.
