Reference Planning Application NY/2025/0030 /ENV [bit.ly/41vZU80](https://bit.ly/41vZU80)  
Drilling in Burniston, Scarborough

I wish to object to the above Planning Application

1. I am not sure that “proppant squeeze” is an appropriate process for us today.
2. The location in Burniston is totally unacceptable as it is so close to residential properties.
3. The operation is alien to tourism, which is important to us.
4. From a selfish / personal position, my property dates from the 1700 s and is a listed property.

Despite being very quaint, the foundations I am sure are not up to any form of disturbance.

The proposed situation is a serious worry to us that we do not need and can do without.

Please acknowledge this objection.
