Subject: New comments for application NY/2025/0030/ENV
Date: 28 March 2025 20:53:09

New comments have been received for application NY/2025/0030/ENV from Mrs S White.

Comments:

Please register my objection to this application. The proposed works will be damaging to a beautiful rural area, its wildlife, and the wider environment. Too close to residential housing, the National Park, and the already unstable cliffs, which I would estimate to be a scant kilometre from the site although stated to be more than a kilometre in the application..
