New comments have been received for application NY/2025/0030/ENV from mrs dianne Yarker.

Comments:

The coast here is stunning - wild, rugged, alive with birds and wildflowers. All year round the Cleveland Way has walkers, and the Cinder Tracks attracts visitors on foot, on, horseback, on bikes, through an area of small scale farming, pretty villages, winding lanes, fields of sheep, cattle and horses. Wildlife includes deer, seals, otters, badgers, dolphin and porpoise. The benefits this all brings - to nature, to people, to locals and local businesses, far outweighs any 'so called benefits' of the proposed development. This can not be allowed
