Subject: New comments for application NY/2025/0030/ENV
Date: 02 April 2025 14:34:31

New comments have been received for application NY/2025/0030/ENV from Ms Melva Burton .

Comments:

This development would in all probability lead to significant and permanent negative impacts well beyond the immediate Burniston area. The local authority must not be pushed into going along with this for the sake of all beings now and for the rest of time.
