RE: PLANNING REF: NO NY/2025/0030 ENV

EUROPA OIL AND GAS APPLICATION FOR APPRAISAL DRILLING AT
BURNISTON MILL SITE

Dear Amy

I am writing in connection with the above Planning Application made by Europa oil + Gas for the construction, drilling and testing of this site to extract gas through a proppant and squeeze process.

I am very concerned about the above that may be about to drill in a beautiful part of Yorkshire and my concerns are these

1) This site is bordering on the North Yorkshire National Park, which is popular and visited and enjoyed by many.

The village of Burnston also possibly Selby and Cloughton could also be spoilt in the same way.

2) A school is only a mile away from the site with all the dangers that such a site could bring to such young children with the pollution that this site will produce.

3) Many walks are enjoyed by residents and tourists also The Cleveland Way a large coastal walk.

Pollution in the air and natural water, noise, dust can be very damaging drilling continuing 24/7 and the site also continuing for 20 years

I hope that my concerns are fully taken into account by the Planning Committee during your review process.

Yours Sincerely

MRS ANDRETTA MARY BURNS
