Subject: New comments for application NY/2025/0030/ENV

Categories:

New comments have been received for application NY/2025/0030/ENV from Mrs Tracy Lambert .

Comments:

Burniston and surrounding area are beautiful and unspoilt coastline and countryside used by thousands of locals and holidaymakers each year. The noise pollution of this fracking infrastructure and the lorries transporting it will be horrendous. The road through Burniston will become like a motorway, noisy and dangerous. No one wants this and who will benefit from it? Not the people of north Yorkshire.
