Subject: New comments for application NY/2025/0030/ENV

Categories:

New comments have been received for application NY/2025/0030/ENV from Mr Alistair Lawson.

Comments:

We support our local environment and the oceans around us. We operate a recycling program for end of life fishing gear. Needless to say, we don't support these proposed works for a whole plethora of reasons. Pollution, visual eyesores, increase in traffic and pollution caused from that. Noise, sound, animal disturbance and much more.
