Subject: New comments for application NY/2025/0030/ENV

Categories:

New comments have been received for application NY/2025/0030/ENV from Mrs Julie Deyes.

Comments:

I object wholeheartedly with any form of fracking to go ahead on our beautiful coast, I believe it will be to the detriment of our delicate eco system which we are struggling to keep on an even keel as it is. There is considerable evidence on other fracking sites that this has been the case.
