**Categories:**

New comments have been received for application NY/2025/0030/ENV from Mr Philip James Mountford.

**Comments:**

I strongly object to this application.

It is a travesty to see our beautiful countryside and wildlife habitat systematically destroyed by hideous, treeless housing estates, never mind erecting an ugly monstrous 30 meter drill and emitting pollution on this wonderful area. Please, for heavens sake, somebody draw the line somewhere, and dont let money open all of the doors to destruction, Preserve some beauty... Do the right thing, quash this application.
