Subject:

Objection to Proppant Squeeze operation at Burniston, Scarborough

Date:

17 April 2025 20:54:26

Reference:NY/2025/0030ENV application

Dear Sir or Madam,

I wish to object most strongly to the plan to use the Proppant Squeeze method of extracting energy from the earth at a site desperately close to Burniston village in North Yorkshire. This process is almost identical to the Fracking process that was once approved for an area near to the Flamingo park area. We fought hard to show how detrimental fracking was to the earth and climate change. Many of us intend to protest once more against the introduction of Proppant Squeeze processes being used at Burniston village. Please register my objection to this planning proposal. This process has no place in North Yorkshire.
