Re: Burniston drill for Gas. NY/2025/0030/ENV

I am writing to say how appalled I am at the prospect of a Gas field in Burniston. It beggars belief that it is even being considered.

The environmental impact, the pollution, the effect on wildlife, and so much more. Not to mention the poor residents who live in the vicinity. It will be devastating.

Please do not go ahead with giving planning permission on something that will only be there to make the rich polluters richer, at the expense of the people and the environment.

Yours hopefully

B
