Dear Amy Taylor,

I wish to raise my concerns with you in relation to the planning application NY/2025/0030/ENV regarding drilling in Burniston.

I am terrified at the thought of the pollution this will cause in extracting and using the gas. the effect this would have on the mental and physical health of residents and those often in the area, as I am, is huge.

We have a responsibility to care for and protect our part of the planet, allowing this development would be terrible news for the area and for the rest of the world.

Please stop these plans.

Best wishes,
Anna Blower
