Subject: New comments for application NY/2025/0030/ENV
Date: 18 August 2025 15:46:24

New comments have been received for application NY/2025/0030/ENV from Mr Michael Chaloner.

Comments:

We are already experiencing extreme climate changes due to global warming. The burning of fossil fuels such as methane is no longer acceptable. The damage to health, food and the quality of life is serious; it could even affect the survival of humanity.
