Subject: New comments for application NY/2025/0030/ENV

New comments have been received for application NY/2025/0030/ENV from Mrs Alison Mckelvie.

Comments:

Fracking should both be allowed. I am extremely concerned about this. Fracking has caused poisoning of water supplies. It causes Earth Quakes, it destroys habitat, causing loss of wild insects, badgers, foxes the list goes on and on. I do not want our communities to be poisoned, shattered by earthquakes.
