**Subject:** New comments for application NY/2025/0030/ENV  
**Date:** 30 November 2025 12:52:05

---

New comments have been received for application NY/2025/0030/ENV from MS Linda Clarke.

Comments:

Why would anyone want to support a method of extracting oil/gas that gives an increased likely hood of earthquakes in their area? There are plenty of opportunities in Yorkshire to develop renewable energies rather than taking earth's resources that will inevitably, eventually be used up.
