New comments have been received for application NY/2025/0030/ENV from Mr Nathan Smith.

Comments:

This part of our beautiful coastline is some of the most precious in the country. Why on earth would NYC allow such an awful thing to go ahead with such dire consequences for the locals.

Its sickening that the council have no morals, any seem to make wrong decisions on everything. Its clearly about money, but should be about the people who live here any pay taxes. Tourism is Scarborough's biggest economy af this will damage it!!

Make this decision with your hearts and own minds, not the bureaucratic nonsense. No one wants this here so dont allow it!
