New comments have been received for application NY/2025/0030/ENV from Ms Carol Mabel Waites.

Comments:

Disruption and damage to a beautiful area. Intrusion causing noise, pollution, nuisance of increased road traffic with heavy vehicles etc, earth tremor, eyesore, property value reduction, detrimental to tourism which the area depends on, distress to residents near and further afield, loss of a peaceful retirement, mess, creating more CO2. The planning process appears to be flawed in several aspects which reduces trust in both NYC and this company. This is my environment and my home, it will be detrimental to our peace, health, wellbeing and to wildlife, plants and vegetation.
