**Date:** 22 April 2026 19:23:32

---

New comments have been received for application NY/2025/0030/ENV from Mr James Lundie.

Comments:

I wish to object to the proposal on the following grounds,

Damage to the countryside and the effect on tourism to the heritage coast.

24hour operations causing noise and pollution for local residents

Increased HGV traffic to service type site

Potential contamination of water table and the risk of earth tremors from the fracking

We shouldn't be increasing the reliance on fossil fuels as their use increases climate change
